

# Flowers to Flowers Roll & Learn cuBe

## Items used to make this Project:

- CD-140002 Beginning Language Roll & Learn Pocket Cubes
- DJ-668017 Flowers Shape Stickers
- CD-3912 Create-Your-Own Flash Cards

**Directions:** Cut blank flash cards in half. Secure flower stickers to cards to resemble the dots on a traditional die. Make two sets. Place the cards inside the plastic pockets on each side of the two Roll & Learn Pocket Cubes.

**How to Play:** Divide into two teams. One person from each team will roll one die. Determine who rolled the highest number of flowers on his or her die. That person's team receives a point. First team to 20 points wins!
